

Nearly Wild Camping Club is a network of locations who welcome campers seeking a wilder, secluded and quieter camping experience.

Keep up to date with what's on offer for members via the **Community page** on the Nearly Wild Camping website.

PASSPORT

WELCOME!

Use this passport to record your Nearly Wild Camping adventures.

(Although if you really need to use it for emergency kindling, you have our permission – and good luck!)

Track and tick off the Nearly Wild Camping locations that you've visited, the wildlife that you've seen, the skills you've built up and the expeditions you've completed.

When you print this for your own use, make sure you print single-sided and then you can take just one location page with you each time you camp.

We all love camping, but NWC is about more than just camping. It's about immersing ourselves in nature, exploring what's around us, learning, and helping people to make more of their living from the land and sharing its magic with others.

So,

Get outside

Listen, look, learn

Tread lightly

Leave no trace

And, have fun!

And, while you're out camping, why not try something different....?

Hammocking

Bike packing

Using a solar shower

Using a compost loo

.....and develop your skills and knowledge?

Fire making

Bird and mammal identification

Plant identification

Knot tying

Foraging

Cooking on an open fire.

(Go online to the Nearly Wild Camping Community Page to check out the Activity Badges – great for the family).
