COMMUNITY PAGE

We have some fantastic up-and-coming events for members (outline details below). Our first one went really well with nothing but positive feedback.

These are NOT training courses; they are social camps with a variety of fun activities which you can join in if you wish. Take as much time to quietly relax as you wish, join in with what you enjoy and socialise when it suits you.

Amongst other things on our recent camp we had a go at making whistles, lighting fires with a bow drill, took a guided walk round the land with the landowner, making nettle string, bird identification with lots of time to sit and relax, listening to the bird song or chatting with other Nearly Wild Campers.

On our recent camp we had glowing feedback from experienced campers and beginners alike.

Here are a few quotes from the weekend ...

**"I AM A BIT BOWLED OVER BY WHAT YOU ARE ALL GIVING, I SEE YOUR PASSION".**

**"WE WERE REALLY DRAWN BY THE OPPORTUNITY TO LEARN SOMETHING".**

**"IT'S BEEN REALLY FUN". (6 YEAR OLD CHILD)**

**"I LOVED THE FACT THAT WE COULD JUST DIP IN AND OUT".**

**"I THINK IT'S AMAZING ... THE SENSE OF COMMUNITY ... LEARNING TOGETHER, SHARING IDEAS ... IT'S A SENSE OF BEING MORE CONNECTED TO NATURE".**

These weekends are designed for all ages, although under 18's must be accompanied by an adult for all activities.

If you are not a member, don't let that stop you!!! Join the Nearly Wild Community, then these Experience weekends will be open to you.
